Annex: CONTRACT NOTICE

The contract notice is corrected or modified as follow:

Point 21 Selection criteria /section 3) Technical capacity of candidate

Instead of

- 3) Technical capacity of candidate** (based on items 5 and 6 of the application form). The reference period which will be taken into account will be the last three years from submission deadline.

The objective of this criterion is to examine whether or not the candidate (ie, the consortium as a whole, in the case of an application from a consortium) has sufficient expertise and experience to be able to handle the proposed contract.

The candidate has provided services under at least 1 contract with a budget of at least that of this contract in fields of organization of accommodation, catering, and/or rent of hall and/or ensuring transportation which was implemented at any moment during the reference period: 03.05.2012-03.05.2017. This means that the project the candidate refers to could have been started or completed at any time during the indicated period but it does not necessarily have to be started and completed during that period, nor implemented during the entire period. Candidates/tenderers are allowed to refer either to projects completed within the reference period (although started earlier) or to projects not yet completed. In the first case the project will be considered in its whole if proper evidence of performance is provided (statement or certificate from the entity which awarded the contract, proof of final payment). In case of projects still on-going only the portion satisfactorily completed during the reference period although started earlier will be taken into consideration. This portion will have to be supported by documentary evidence (similarly to projects completed) also detailing its value. If a candidate/tenderer has implemented the project in a consortium, the percentage that the

candidate/tenderer has successfully completed must be clear from the documentary evidence, together with a description of the nature of the services provided if the selection criteria relating to the pertinence of the experience have been used.

Point 14.2. Signature of the contract(s)

Instead of

14.2. Signature of the contract(s)

Within 30 days of receipt of the contract already signed by the Contracting Authority, the selected tenderer shall sign and date the contract and return it to the Contracting Authority.

Failure of the selected tenderer to comply with this requirement may constitute grounds for annulling the decision to award the contract. In this event, the Contracting Authority may award the tender to another tenderer or cancel the tender procedure.

The other tenderers will, at the same time as the notification of award is submitted, be informed that their tenders were not retained, by electronic means or standard letter, including an indication of the relative weaknesses of their tender by way of a comparative table of the scores for the winning tender and the unsuccessful tender. The second best tenderer is informed of the notification of award to the successful tenderer with the reservation of the possibility to receive a notification of award in case of inability to sign the contract with the first ranked tenderer. The validity of the offer of the second best tenderer will be kept. The second tenderer may refuse the award of the contract if, when receiving a notification of award, the 90 days of validity of their tender has expired.

The Contracting Authority will furthermore, at the same time, also inform the remaining unsuccessful tenderers and the consequence of these letters will be that the validity of their offers must not be retained.

The corresponding contract award notice will be published on the website <https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome>
